Two-year-old sire stags and 13 month hinds
Also two-year-old velvetting stags

Welcome

*On behalf of myself and Mel, I would like to welcome you to our
29th Annual sire stag and hind sale.*

This season has been a very challenging one for us with a wet cold spring and early summer, which has not helped live weights or velvet growing. But if they perform well in this season they will handle anything.

But despite the season we are very happy with the line-up we have to offer. This year we have the first of Sefton's and Apollo's sons for sale. Lot 1 by Apollo is a very special stag with near competition perfect velvet and is the style of velvet that we strive to breed for. This season we are seeing a push back in the price paid for non-typical type velvet, which shows the importance of breeding for clean velvet with correct tyne placement. One problem you have with having a very consistent style of velvet is that it is very hard picking them in the paddock to photo as they all look the same. Once you get rough velvet genes in your herd it is very hard to get them out.

The maternal sires have proved very popular with their ability to produce good sized red hinds for the breeding herd making them perfect to put terminal sires over plus some also have velvet attributes. The breeding values are a very useful part of insuring that a sire has the true genetic merit that you require and it is important that more breeders come on board.

Due to the normal time pressures of getting the catalogue printed before Christmas, there are a number of sires whose velvet will not be cut by cataloging, their velvet weights and photos will be available on line along with updated live weights of sire stags and 13 month hinds. The velveting stags data will also be available online in early January. There may be some changes in the uncut stags prior to sale day.

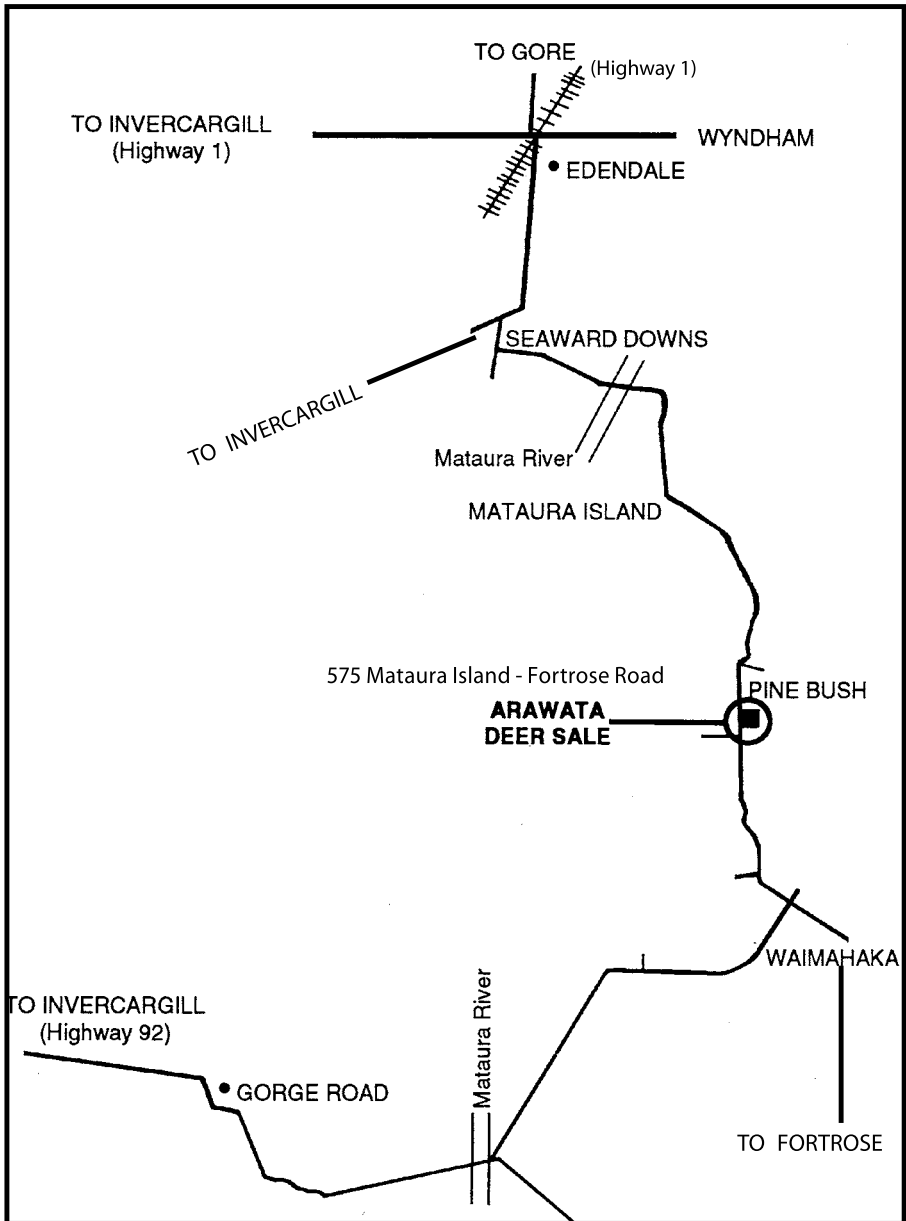

We look forward to seeing you all on 16th January 2020 at Arawata.

Have a great Christmas and New Year.

Special Notes

- Arawata reserves the right to withdraw or substitute any animal catalogued.
- Arawata runs a virtual “closed herd”. This is to protect ours and our clients’ interests against the introduction of diseases such as Johnes. Sale stags are Johnes tested negative
- **E.B.V.s** – We are part of the Deer Select E.B.V. programme.
- **HEALTH & SAFETY AT WORK ACT 2015** – As a visitor on sale day, you will be inducted on the Health & Safety requirements for the auction. Please stay within the defined car park and selling shed site. Parental vigilance is to be observed at all times.
- All sale stags will have the velvet cut and on display.
 - The cut velvet remains the property of the vendors.
- **T.B. STATUS** – Arawata is T.B. Accredited, C10+ Status. Last herd test August 2019 and have never had T.B.
- **DELIVERY**—Sale animals may be grazed for a DEFINED PERIOD until suitable transport can be arranged, and SHOULD BE INSURED. We will take all care but will not accept any responsibility whatsoever. Aon Insurance and FMG Insurance will be available on the day.
- **REFRESHMENTS** – Available from 11am on Sale Day.
- **INSPECTION** – Animals will be penned for inspection and sale by 11am on Thursday, 16th January 2020.

Southern Man: Arawata purchased a third share in this amazing stag along with Altrive + Raincliff Station at Altrive's Stag Sale January 2016. He was the 2016 season's best velvet sire with a tremendous 8.20kg 3yr old head. At 4yrs he went on to cut a very balanced 9.0kg at 4yr which was placed second in the 4 year class in that year's National Velvet Competition. A truly great sire in the making. His first 2yr sons are at this years sale.

ARAWATA STAGS - MATERNAL SIRES
LOTS 16-22

The following stags are selected for breeding replacement hinds with farms with less emphasis on velvet. With 12 month EBV's +10kg and over they will provide a great lift in maternal performance, while still retaining the hardiness and body conformation of English cross red deer.
