THREE YEAR OLD STAG
& YEARLING HIND SALE 2019

— Third on Farm Auction —

Friday 13th December 2019 | Viewing from 11.30am | Sale Starts 12.30pm

LOCATION

Forest Road Farm is located at 9km up Gwavas Road, Tikokino.

If coming from Napier we are 1 hour from the airport. Follow Highway 50 until you reach Gwavas Road which is on the right.

If coming from the South, we are approximately 45 minutes from Dannevirke and 20 minutes from the corner of State Highway 2 and State Highway 50.

FOREST ROAD FARM

Welcome to our third on farm stag sale at Forest Road Farm. We have been breeding Red Deer for over 35 years, with my late Father Bruce being one of the early adopters in the late 1970's to the early 1980's. Bruce had always focused on body size and tidy velvet while maintaining quality. Since I arrived home in 2002, we have had a real focus on increasing velvet weights while maintaining quality.

Over the past few years we have made a considerable investment into DNA profiling our whole herd. There will still be a few holes in pedigrees, but these are filling in quick as the years tick by and it is enabling us to make a lot more sensible breeding decisions moving forward. We always use our best bred and heaviest velvet 2yr olds, multi-sire mated over our yearling hinds. This is proving to give us some fantastic results.

We are very pleased at the style and consistency of the Velvet Sires we are putting forward and are sure that they will move well and perform for you. We are taking big leaps forward in our whole herd year by year. Currently our M/A Velvet stags (4yr and older) are averaging 6.7kg from their first cut of velvet. Our 3yr olds have an average of 5.7kg and last season our 2yr old keepers averaged 3.9kg and all 2yr olds 3.3kg.

This years sale stags average 6.45 kg (not counting the 5 that haven't yet been velveted). So there has been a substantial lift since last year, while maintaining quality.

We are very excited about the years ahead. We have continued to invest in genetics with the purchase of a line of in fawn hinds (mated to top sires) from Cruse Deer and the addition of Forbes to the sire paddock is sure to have a great impact moving forward. Our homebred sire Gump has taken a big leap forward this season and produced a stunning 10.3 kg SA head @ 6 yrs. His progeny look amazing and he will continue the influence of his sire Wotdonis. Brexit our pure Warnham sire cut a beautiful 9.0 kg SA head this season and his spikers look amazing.

This year we have decided to put up 100 yearling hinds from our best velvet genetics. These will be sold in their breed lines with the number of hinds in each lot varying. As we only have a few years of DNA information, these hinds have impeccable breeding and the purchasers will be coming in at the same level as what we are breeding from ourselves, but unfortunately, we can't keep them all so we felt this would be a good opportunity to sell them and get our genetics out there.

Our Deer are farmed on class 6 hill country and are farmed well, but by no means pampered. They grow into big animals that kill out to heavy weights, giving you a real dual-purpose animal.

We have had some great feedback from the last few years of how our stags are moving. Lot 1 from last years sale jumped from 6.1 kg to 7.8 kg @ 4yrs for Ben Anderson and Amanda Langley. Lot 3 jumped from 6.2 kg to 7.8 kg for Ngatapa Station and Lot 7 jumped from 6.0kg to 7.44 kg for Simone Hoskin. We have also had numerous reports at 100% conception rates with our stags. We really appreciate the ongoing feedback as this is what drives us and motivates us to deliver the best possible product we can to suit your needs! Your success is our success!

Thank you for your support and we hope you enjoy the day.

Grant and Sally Charteris

CONDITIONS OF SALE

1. The Sale will be conducted under the conditions set down by the Stock and Stations Agents Association. A copy will be exhibited on Sale day.
2. Each lot becomes the purchaser's property and risk at the fall of the hammer.
3. Deer will be available for viewing from 11.30 am onwards
4. Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest at current rate per annum from the date of sale.
5. The sale is conducted exclusive of GST.
6. Intending purchases are required to register with the registration table prior to the commencement of the sale.
7. Forest Road Farm has a C 10 Status
8. Insurance can be supplied on the day by FMG, or any other firm (to your arrangement). We encourage you to do so, as all the stock is under the purchaser's ownership at the fall of the hammer.
9. All velvet remains the property of the Vendor.
10. A buyer's commission of 4.5% is payable to non- participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24 hrs prior to sale) are made with vendor.
11. Many of these stags for sale have been used for sires at 2yrs of age, so are proven fertile sires. However, if a stag sold by us is proven to be infertile a full credit to be used at our future sales, or a replacement stag will be provided. Forest Road Farm will not be held liable for loss of production. We encourage all clients to back up their stags as best practise at mating time.

Numat

The proven choice in deer flooring.

- ✓ Comfortable cushioning
- ✓ Anti-slip, interlocking mats
- ✓ Protects feet from damage
- ✓ Proven in hundreds of NZ Deer farms
- ✓ 10+ years life-span

"Numat rubber matting is the best money we have spent on the farm in years. We were having foot problems in our young animals and they have gone completely. The deer are quiet in the yards and best of all, we don't get as tired as you do when standing on a hard concrete floor all day. After 3 years there is no sign of wear, even in heavy traffic areas!"

Even Stevens @ 8 yrs

HISTORY

Even Stevens: We purchased Even Stevens at Netherdales 2015 stag sale for \$26,000. He had perfect 3yr velvet and was just what we were looking for in a master sire. He has bred extremely well for us and his rate of retention for us is second to none. He is a very placid stag and is passing on that trait.

Wotdonis @ 9yrs

HISTORY

Wotdonis was purchased from Canes Deer Jan 2012 sale. He had a massive, heavy beamed clean 3yr head with a big body! The bombproof temperament that came with him was the icing on the cake. We rate this stag very highly and have a lot of his progeny on farm that will shine through for years to come. His progeny progress well as they mature, as did he and his son Gump who is one of our current sires and has just cut a beautiful 10.3kg @ 6yr

Anvil @ 7yrs

HISTORY

Anvil was purchased from Rupert Red Deer by private treaty. He cut a beautiful 7.3kg head of velvet at 3yr which came 5th in the National velvet competition, 3yr section. Anvil jumped a kg after a shift North and still cut a perfect 8.3kg head of velvet. This took out the North Island velvet competition 4yr section along with the people's choice Champion of Champions. At 5yr old he placed second in the North Island 5yr red section. This year he cut a beautiful 9.4kg of SAP. He is Mr Consistency!

Gump @ 6yrs

HISTORY

Gump has been a standout stag for us from a young age. He cut a perfect 6.3kg SAP head of velvet at 3yr that won the HB 3yr red velvet section and placed 2nd in the North Island 3yr red velvet section. Gump has inherited his perfect temperament from his sire Wotdonis. He has some very tidy progeny coming through and has firmed up his place in the sire paddock by cutting a tremendous 10.3kg of Velvet at 6 yrs.

8yr	10.8 kg

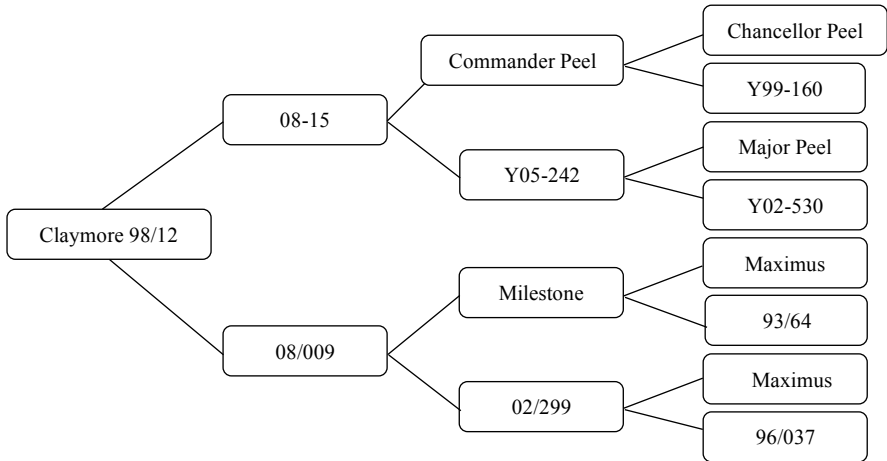

Mortar @ 8 yrs

HISTORY

Mortar has been the biggest in body and velvet weight of his year group from day dot. We cut his first 2yr progeny last year and were very pleased and they should feature highly in this sale. He is the most vigorous mater on the farm and achieves tremendous early conception rates. Mortar damaged one of his pedicles when he was young, and as a result doesn't grow competition style velvet, but its what he is leaving that counts.

Aros Velvet @ 4yrs

HISTORY

We purchased Aros from Rodway Parks 2007 stag sale. He was a stand out sire with a heavy wow factor head. Aros was a turning point in our velvet herd and was a very consistent breeder of tidy velvet. Aros has been gone from Forest Road Farm for many years but DNA is proving his worth, with him consistently showing up in the background of our sale stags and mixing well, especially with Even Stevens!

T-Rex @ 10yrs

HISTORY

T-Rex was an ex Rodway Park/ Sarnia Sire that we purchased at 5yrs old. He had perfect velvet with a very heavy beam. His 'pass on' has been second to none at Forest Road Farm. He breeds big bodied Stags with very clean heavy velvet. Won the HB open at 6 yrs old and placed 2nd in the NI open, same year. Sire of Bonsai so also adds trophy to the mix if required.

Cobra @ 8yrs

HISTORY

Cobra was originally purchased from Foveran by Pampas Heights as a spiker. After being used at Pampas he was sold to us as a 3yr old Sire Stag. Cobra breeds very good, dark, heavy velvet! Unfortunately, we lost him last year but we are currently using one of his sons (Mortar) as a sire. Mortar cut 11.3 Kg at 7yrs.
