

Lot 2A Supplementary - Star Lot -

3yr Velvet	2yr Velvet	Liveweight
6.7 kg SA	4.0 kg SA	181 kg

There is a reason that this stag wasn't catalogued. It is not because he is later in the velvet, but the fact that we rate him so highly. 6267 is a full brother to Lot 9 5281 last year (that was also my favourite). He sold to Nat Holmes. 5281 went on to cut 8.9 kg @ 4yr from his 6kg 3yr head. His Dam 71/10 is an Aros daughter that is dropping stunning progeny and will likely be part of a small ET programme this coming season. This stag has a leg rope on it, as we will happily use as a sire here, but thought we would put him up.
